Truman VA Hosts Second National VA Research Conference

21st Century Translational Medicine: Path to Progress for Improving Veterans Health

COLUMBIA, Mo. – As a key component of National VA Research Week, the Research Service at the Harry S. Truman Memorial Veterans' Hospital will host the second National VA Research Conference in Columbia on May 18-19.

The event will attract noted VA funded research investigators from a number of VA medical centers as well as officials from VA Central Office. The program will begin at the Holiday Inn Executive Center with a session on Wednesday, May 18, featuring a keynote presentation by **William Sivitz, MD**, Iowa City VA medical center, entitled, "Diabetes Clinical Research: Translational Impact." A group panel discussion on "Advancing 21st Century Translational Medicine: Opportunities and Challenges," moderated by **Adam Whaley-Connell, DO**, Truman VA Associate Chief of Staff for Research and Development. The panelists will include representatives from MU, Truman VA's academic affiliate, and others. A dinner sponsored by the Missouri Foundation for Veterans Medical Research will conclude the evening.

National VA Research Conference – page 2

Scientific sessions featuring 20 different speakers will take place from 8:15 a.m. to 5:00 p.m. in Truman VA's auditorium on Thursday, May 19. Sessions on (1) Innovative Cancer Therapy and Diagnostic Imaging, (2) Diabetes and Cardiovascular Diseases: Bench to Bedside Translation and (3) Translational Life Changing Therapies for Eye, Sleep, and Neurological Diseases are scheduled.

VA Research Week provides an opportunity to showcase the numerous achievements of VA researchers and the role they play in providing high quality care for Veterans and advancing medical science. In 2016, VA is celebrating 91 years of research excellence. Important VA research achievements range from breakthroughs in the treatment of cancer and other diseases, new prosthetic devices and appliances, development of the nicotine patch, identifying and coining the term Post-traumatic Stress Disorder, and three VA researchers receiving Nobel prizes.

Truman VA Highlighted in Healthcare Equity Index 2016

Named as “Leader in LGBT Healthcare Equality” by National Survey

COLUMBIA, Mo. – The Harry S. Truman Memorial Veterans’ Hospital has been recognized as a “Leader in LGBT Healthcare Equality” by the Human Rights Campaign (HRC) Foundation, the educational arm of the country’s largest lesbian, gay, bisexual and transgender (LGBT) civil rights organization.

The findings were part of HRC Foundation’s *Healthcare Equality Index 2016*, a unique annual survey that encourages equal care for LGBT Americans by evaluating inclusive policies and practices related to LGBT patients, visitors and employees.

Truman VA earned top marks in meeting non-discrimination and training criteria that demonstrate its commitment to equitable, inclusive care for LGBT patients, and their families, who can face significant challenges in securing the quality health care and respect they deserve.

The Columbia VA medical center is one of 496 facilities named “Leaders in LGBT

MORE

Healthcare Equality. Facilities awarded this designation meet key criteria including patient and employee non-discrimination policies that specifically mention sexual orientation and gender identity, a guarantee of equal visitation for same-sex partners and parents, and LGBT health education for key staff members.

“Despite all the progress we’ve made, far too many LGBT people still lack inclusive and affirming health care. Leaders in LGBT Healthcare Equality are helping to change that and, in the process, making the lives of LGBT patients and their families better each and every day, “ said Chad Griffin, president of the Human Rights Campaign. “LGBT people have a right to be treated equally in all aspects of their lives and HRC celebrates Truman VA for its work to create an inclusive and welcoming environment for all patients.”

The Healthcare Equality Index offers health care facilities resources designed to help provide equal care as well as assistance in complying with regulatory requirements and access to high quality staff training. The Department of Veterans Affairs (VA) Office of Health Equity coordinates facility participation in the Healthcare Equality Index. This office is responsible for championing equitable health for all Veterans including those from LGBT communities.

For more information about the Healthcare Equality Index 2016, visit www.hrc.org/hej. For more information about the VA Office of Health Equity, visit www.va.gov.healthequity.

FOR IMMEDIATE RELEASE

Truman VA Hospital to Conduct March 4 Town Hall Event

- Who:** Veterans and their families, other stakeholders including congressional staff, Veteran Service Organizations, community partners
- What:** Town Hall events allow and enhance feedback from Veterans and their families concerning health care and other VA benefits
- When:** Friday, March 4
1:30 p.m. to 3:30 p.m.
- Where:** Harry S. Truman Memorial Veterans' Hospital
800 Hospital Drive
Columbia, Mo.
Second Floor Auditorium
- Why:** Secretary of Veterans Affairs Robert A. McDonald has directed all VA health care and benefits facilities to conduct quarterly town hall events. The goal of each event is "to listen and learn from those who use" the VA healthcare system. In addition, questions about financial benefits will be addressed by representatives of the St. Louis Veterans Benefits Administration Regional Office.
- How:** Questions/comments from the audience will be addressed as time allows. A brief "claims clinic" will follow the Town Hall event.
