Whole Health Facilitated Groups

What do I want my health for?

Whole Health is a new concept of approaching health and well-being. In this group, together, we will focus on advanced healthcare planning and the components of health and well-being such as: mindfulness, exercise, sleep, nutrition, connecting with others and contemplating what really matters to us. We will ask ourselves, “What do I want my health for?”

Eligibility

Any Veteran interested in making positive changes for their health and well-being may participate in these closed groups. Providers or other clinical staff can add if the Veteran is interested. Consults are currently being built, but are not available for use at this time.

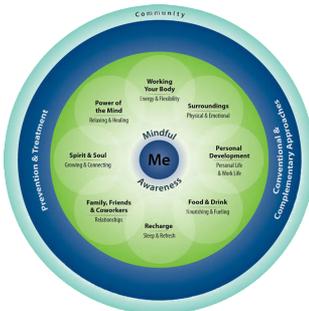

Dates and Times

These are 60-90 minute weekly sessions, lasting for 9 weeks. Due to the building nature of the content, Veterans must begin with session one.

Online Resources

Veterans can visit this site to learn about the Whole Health approach and to print a copy of a personalized health plan (PHP).

Be Tobacco Free

Thinking about Quitting Tobacco?

Many tobacco users would like to quit tobacco, but just aren't sure they can. Just thinking about quitting tobacco can make them nervous.

However, with support and coaching, you can overcome fear, learn healthy ways to manage stress and beat the urge to use tobacco.

Quitting is one of the best things you can do to improve your health and your quality of life. Don't let fear or lack of confidence stand in the way of achieving your freedom from tobacco!

Tobacco Cessation Program

The Truman VA Tobacco Cessation Program offers education, coaching and support to help Veterans quit tobacco.

Thinking About Quitting Class

This one-time educational program teaches you how to successfully quit when you are ready. You are not required to quit to attend this program. Learn about:

- The many benefits of quitting.
- How to build a 'Quit Plan' to target the physical, psychological and habit parts of tobacco dependence.
- How cessation aides and medications can help you quit.
- Preventing slips and relapse.
- Options to help you quit when ready.

Quit Tobacco Program

Meets Tuesdays from 8:30 to 10:00 am for 7 weeks. Helps you better understand your tobacco habit, develop a personal quit plan, learn how to cope with urges, and how to enjoy life a tobacco-free lifestyle! Veterans quit as a group on session 4. The remaining classes help you to stay quit and prevent slips and relapse. Classes are available at most CBOCs.

Be Tobacco Free (cont.)

Telephone Quit Line

1-855 QUIT VET (1-855-784-8838) is a toll free telephone smoking quit line for Veterans. Speak with a counselor to get individualized coaching, help developing a quit plan, strategies to prevent relapse, and follow-up calls to help you stay quit. Trained cessation counselors are available Mon-Fri 7am-9pm Central Time.

Follow-Up

Relapse Prevention Group is for Veterans who have quit tobacco but could use additional support to address any ongoing difficulties. Offered bi-monthly.

MOVE! Coach App

MOVE!® Coach is a weight loss app for Veterans, service members, their families, and others who want to lose weight. This 19-week program guides the participants to achieve success with weight loss through education, and use of tools, in an easy and convenient way. Participants can monitor, track, and receive feedback regarding their progress with weight, diet, and exercise goals.

- **Self-Management Guides** – educate the participant on a variety of weight-management success strategies using videos, worksheets, games, and other tools. Guides will be made available weekly or bi-weekly, based on your progression through the 19-week program.
- **Weight, Diet and Physical Activity Diaries** – for daily tracking of weight, diet, and physical activity
- **My Goals and Progress** – participants can set weight loss and SMART goals, and see progress reports and summaries
- **How to Solve Problems** – additional resources for overcoming barriers. This app can be used by itself, but additional benefit may be achieved if used in combination with treatment with your healthcare provider.

Integrative Medicine Program

Integrative Health and Wellness program teaches our Veterans and Employees methods to achieve stress reduction and relaxation, increased comfort and strength, flexibility and improved overall health.

What to Wear

Dress comfortably in clothes in which you can easily move. Tennis shoes are preferred.

Programs Offered

Mantram Repetition - The process of repeating a mantram, a spiritual word, phrase, or brief prayer that when repeated silently to the self can calm the body, quiet the mind and improve concentration to restore the spirit.

Guided Meditation - A group of techniques where individuals learn to focus their attention and suspend the stream of thoughts that normally occupy the mind

Reiki - Reiki is a biofield therapy where an experienced practitioner uses their hands to strengthen and normalize certain vital energy fields within the body.

Tai Chi - Tai chi is a mind-body practice that originated in China as a martial art. The practice includes slow and gentle body movement, while breathing deeply and meditating to help the flow throughout the body of a proposed vital energy called "qi."

Whole Health Coaching - Whole Health Coaching is a process that empowers individuals to make lasting health behavior changes that are the cornerstones of lifelong well-being. It bridges the gap between medical recommendations and patients' abilities to successfully implement those recommendations into their life.

Peer Support Groups

Peer Support Specialists are Veterans who are VA employees too. These specialists help Veterans with serious mental illnesses and/or substance abuse/disorders to successfully engage in their treatment. Peer Support Specialists promote recovery by sharing their own recovery stories, providing encouragement, instilling a sense of hope, and teaching skills to Veterans. The Peer Support Specialists that provide these services are qualified and certified.

In this facility the Peer Support Specialists are assigned to a primary area of responsibility (PRRC, HUD-VASH and VJO). Even though they are assigned primary duties, they still facilitate peer groups both at this facility and surrounding Community Based Outpatient Clinics like Jefferson City, Lake of The Ozarks/Osage Beach, and Waynesville.

Moving Forward App

Moving Forward provides on-the-go tools and teaches problem solving skills to overcome obstacles and deal with stress. The app is designed for Veterans and Service members, but is useful for anyone with stressful problems. It is especially helpful in managing challenges such as: returning to civilian life, balancing school and family life,

financial difficulties, relationship problems, difficult career decisions, and coping with physical injuries. It may be used alone or in combination with the Moving Forward online course.

The Moving Forward mobile app and online course were developed by the Department of Veterans Affairs and the Department of Defense.

Mindfulness App

Mindfulness means noticing and paying attention to what is going on in the present moment, without passing judgment on it. Mindfulness has been shown to be effective for reducing stress, improving emotional balance, increasing self-awareness, helping with anxiety and depression, and coping more effectively with chronic pain.

Mindfulness Coach 2 was developed to help Veterans, Service members, and others learn how to practice mindfulness. The app provides a gradual, self-guided training program designed to help you understand and adopt a simple mindfulness practice. Mindfulness Coach also offers a library of information about mindfulness, 12 audio-guided mindfulness exercises, a growing catalog of additional exercises available for free download, goal-setting and tracking, a mindfulness mastery assessment to help you track your progress over time, customizable reminders, and access to other support and crisis resources.

Mindfulness Coach was created by VA's National Center for PTSD.

REACH VA

The REACH VA Program is an opportunity for Caregivers of Veterans to take better care of themselves and their loved ones by providing them with important information in the challenging areas of care giving, and building their skills in stress management, mood management, and problem-solving.

Reach person

The trained and certified REACH VA Program Coach usually provides four individual sessions with the Caregiver over a period of 2 to 3 months, extending the number of sessions if both the Coach and Caregiver feel there is more work to do. The sessions normally last about an hour each and may be held face to face, over the telephone, or over telehealth video conferencing.

Eligibility

To be eligible for the REACH VA Program, the Caregiver must be caring for a Veteran or a Veteran caring for a loved one, where the Veteran is receiving services at the VA. Caregivers receive a Caregiver Notebook, which is the first resource for caregiver issues and challenges, for stress management, mood management, and problem-solving. REACH VA is available for Caregivers of Veterans diagnosed with: ALS, Dementia, MS, PTSD, or Spinal Cord Injury/Disorder.

Transportation Services

DAV (Disabled American Veterans)

DAV operates a fleet of vehicles around the country to provide free transportation to VA medical facilities for injured and ill

veterans. DAV stepped in to help veterans get the care they need when the federal government

terminated its program that helped many of them pay for transportation to and from medical facilities. The vans are driven by volunteers, and the rides coordinated by almost 190 Hospital Service Coordinators around the country. DAV has purchased 2,967 vehicles, worth nearly \$65.1 million, that have been donated to Department of Veterans Affairs medical centers nationwide since the program began in 1987 to ensure that injured or ill veterans are able to get to their medical appointments. To find out whether there is a van near you use the DAV Hospital Service Coordinator Directory to contact your nearest HSC for information or assistance. Please remember that the DAV Transportation Network is staffed by volunteers; therefore, it is unable to cover every community. We hope we can help you.

VA Home Loans (cont.)

Eligibility Requirements

Provides emergency, transitional and permanent housing to Veterans experiencing homelessness. Also provides case management and referral to Veterans experiencing homelessness.

Purchase Loans and Cash-Out Refinance:

VA-guaranteed loans are available for homes for your occupancy or a spouse and/or dependent (for active duty service members). To be eligible, you must have satisfactory credit, sufficient income to meet the expected monthly obligations, and a valid Certificate of Eligibility (COE). [Learn More](#)

Interest Rate Reduction Refinance Loan (IRRRL): The IRRRL is a “VA to VA” loan, meaning it can only be done if you have an existing VA guaranteed loan on the property. The IRRRL is generally performed to lower the interest and reduce the monthly payment on the existing VA guaranteed loan. [Learn More](#)

Native American Direct Loan (NADL) Program: The NADL program helps Native American Veterans purchase, construct, improve, or refinance a home on Native American trust lands. Your tribal organization must participate in the VA direct loan program. You must have a valid Certificate of Eligibility (COE). [Learn More](#)

Adapted Housing Grants: VA helps Veterans with certain total and permanent disabilities related to your military service obtain suitable housing with either a Specially Adapted Housing (SAH) or Special Housing Adaptation (SHA) grant. [Learn More](#)

Adapted Housing Grants: You can apply for an SAH or SHA grant by either downloading and completing [VA Form 26-4555](#) (PDF) and submitting it to your nearest Regional Loan Center, or completing the online application. [Learn More](#)

Housing Grant for Disabled Veterans

VA provides grants to Service members and Veterans with certain permanent and total service-connected disabilities to help purchase or construct an adapted home, or modify an existing home to accommodate a disability. Two grant programs exist: the Specially Adapted Housing (SAH) grant and the Special Housing Adaptation (SHA) grant.

- **Specially Adapted Housing (SAH) Grant**
- **Special Housing Adaptation (SHA) Grant**

Eligibility

If you are a Service member or Veteran with a permanent and total service-connected disability, you may be entitled to a Specially Adapted Housing (SAH) grant or a Special Housing Adaptation (SHA) grant.

How to Apply

To apply for a grant, fill out and submit VA Form 26-4555, Application in Acquiring Specially Adapted Housing or Special Home Adaptation Grant. You can access this form by:

- Applying online via www.ebenefits.va.gov
- Downloading VA Form 26-4555, Application in Acquiring Specially Adapted Housing or Special Home Adaptation Grant and mailing it to your nearest Regional Loan Center
- Calling VA toll free at 1-800-827-1000 to have a claim form mailed to you

Specially Adapted Housing Assistive Technology

Grant Program

VA through its Specially Adapted Housing Assistive Technology (SAHAT) Grant Program is authorized to award grants of up to \$200,000 per fiscal year to persons or entities to encourage the development of specially adapted housing assistive technologies. The FY2019 grant solicitation period is open from January 30, 2019 until March 3, 2019.

Program Purpose

There are many emerging technologies that could improve home adaptations or enhance a Veteran's or Service member's ability to live independently, such as voice-recognition and voice-command operations, living environment controls, and adaptive feeding equipment. VA has defined "new assistive technology" as an advancement that could aid or enhance the ability of a Veteran or Service member to live in an adapted home.

Please note: SAHAT funding does not support the construction or modification of residential dwellings for accessibility. Veterans and Service members interested in adapting their home for barrier-free living are encouraged to review this factsheet to identify Home Adaptation programs offered by VA.
